

Slopes2Summit Bioblitz joins with Wild Pollinator Count

In 2015 the Slopes2Summit Partnership Bioblitz is focussing on insect pollinators and is partnering with "Wild Pollinator Count" to contribute to wild insect pollinator conservation in Australia.

You're invited to join in this citizen science project.

HOW?

Take 10 minutes to watch your choice of flowering plant between the **15th and 22nd of November** and let us know which potential pollinators you see.

- You don't need to be an insect expert.
- You don't need fancy gear.
- You may be surprised by what you see!

PLUS local events:

- Macro photography workshop
- Join in a 'counting' event
- Learn about pollinators
- Identifying insects
- Photography competition
